Friday, 7th March 2025 a.m.

Instructions

1. This paper consists of **seven (7)** questions.
2. Answer a total of **five (5)** questions. Question number **one (1)** is compulsory.
3. Each question carries **twenty (20)** marks.
4. Cellular phones and any unauthorized materials are **not** allowed in the examination room.
5. Write your **Examination Number** on every page of your answer booklet(s).

1. “Proper uses of available resources and improvement of science and technology is the best way of overcoming overpopulation in developing countries like Tanzania.” Justify this statement by giving six (6) points.
2. Ageing population is a great problem mostly in developed countries compared to developing countries. Enumerate four (4) negative consequences of that population structure and then suggest four (4) ways for its management.
3. Tanzania is dreaming to transform small scale farming to the modern commercial farming, but this remains as a merely dream. How far this statement is true? Give eight (8) points.
4. “Capital is the only important input for timber industries prosperity.” Assess this statement by using eight (8) points with reference to the least developed countries.
5. The government of Tanzania has invested a lot of fund in the construction of standard gauge railways (SGR) from Dar es Salaam to Dodoma. To what extent this project is beneficial to Tanzanians and country at large? Use six points.
6. One of the world economic agenda states that “We can’t develop our nations without industrial goods in the world market.” In regard to this agenda propose six (6) ways that can be employed by Tanzania to uplift this sector.
7. Tanzania is endowed with various potential minerals. But small scale miners are not performing well. If you become a Minister of minerals, how will you help them? Give six (6) points.
